Product Description EXPERT LINE products are only available through your local professional pool. Hayward Blu is a smart choice for all kinds in the ground pools. Exclusive SmartDrive technology makes it faster and more efficient than random pool cleaning. It moves in a predetermined series of turns to systematically provide fuller coverage. Discriminating pool owners will appreciate Hayward Blue's ability to clean its pool in a smart way. Compared to other suction cleaners, its technology also allows silent operation. Hayward Blu gives pool owners easy, hassle-free operation - without emptying or replacing debris. To get a sparkling clean pool is effortless. And because it is powered by existing filtration systems, there are no costs for energy-consuming pumps. *Possibility to climb a wall and cover the pool may be affected by certain shapes and surfaces of the pools. The wiper can not climb the wall under certain conditions. Features and advantages Exclusive SmartDrive® - programmed management moves in a predefined series of spins for fuller cleaning Advanced suction technology uses the existing pool filtering system - without the required Silent Operation booster pump - No pulsating hoses or noisy parts, for a relaxed environment in the pool Easy to use - Connects in less than Minutes to skimer or suction port 1 Year Limited Warranty Discover even more pool cleaners EXPERT LINE only through your local professional pool.
